

$$17 : 4 = \underline{4} \text{ Rest } \underline{1}$$

$$29 : 3 = \underline{9} \text{ R } \underline{2}$$
$$\underline{9} \cdot \underline{3} + \underline{2} = \underline{29}$$

$$39 : 6 = \underline{6} \text{ R } \underline{3}$$
$$\underline{6} \cdot \underline{6} + \underline{3} = \underline{39}$$

:	4	6	8	9
18	4R2	3	2R2	2
32	8	5 R2	4	3R5
36	9	6	4 R4	4

The diagram shows three rows of number pyramids, each with 7 boxes and 6 arrows. The operations are indicated by numbers above the arrows: green for division and blue for multiplication.

- Row 1:** 48  $\div 6$  8  $\div 2$  4  $\cdot 9$  36  $\div 4$  9  $\div 3$  3
- Row 2:** 40  $\div 8$  5  $\div 5$  1  $\cdot 7$  7  $\cdot 9$  63  $\div 7$  9
- Row 3:** 81  $\div 9$  9  $\cdot 2$  18  $\div 6$  3  $\cdot 8$  24  $\div 8$  3

Die Zahl heißt 63.
